

The Semi-Circular Level, Plumb AND Inclinometer

Is the most practical and labor saving tool of its kind on the market.

It is indispensable to Carpenters, Builders, Masons, Contractors, Plumbers, Steam-Fitters, Machinists, Mill Wrights, etc. Its

Absolute Accuracy

and reliability under any and all conditions of work put it at the head of any Level on the market.

Made of cherry — top and bottom bound with solid aluminum.

Milled perfectly straight and true. Will not warp nor twist.

A 90-degree scale, figured both ways, from horizontal to perpendicular, and vice versa, is below the circular tube.

It does away with all mathematical calculations, except

Simple Multiplication

It has other excellent features, told of in our circular. Shall we send it?

SELL? We never saw the beat of it. It sells when others fail to sell.
